John, there are a couple deviations from the model order that would require us to flag them for the court; in that we are using different terms i.e. "Confidential" versus "Confidential Subject to Protective Order" and there are a couple small revisions that eliminate references to local rules. Was there a reason for that? Here is a draft for your review. Also, we would suggest a clawback provision – I placed it in my draft. Please advise.

Regards,
Daniel Rubin
